*What is the Total Home Wi-Fi guarantee?*

- At least 10Mbps download speed in every eligible room - see qualification criteria below.
- Troubleshooting and support from Fibrus to optimize router placement and speed.
- One additional Amazon eero router will be provided at no additional cost (same router as per the Full Fibre broadband package purchased), if needed. An engineer visit, if required after receiving an additional router, to optimize the customer's service.
- If 10Mbps still cannot be achieved in every eligible room, then provided the customer has followed any reasonable instructions given by Fibrus, the customer may cancel the contract within 30 days after the engineer's visit, and without attracting any early contract termination fees.
- However, the customer must still pay for (i) any broadband services provided up to the point of cancellation; and (ii) any non-standard installation works.

*What are the qualifying criteria for the Total Home W-Fi guarantee?*

- Up to 5 bedrooms.
- Up to 3 reception rooms.
- No basements, cellars or below street level rooms.
- Main dwelling house only, no outbuildings, sheds, or garden rooms. Any structural changes or extensions to the home after the broadband package is purchased are not covered.
- Total property area does not exceed 3000 square feet.
- Customer must agree to technical home visit from a Fibrus engineer if required to optimise your Wi-Fi service.
- Any additional reasonable criteria or requirements stipulated by Fibrus from time to time.
